

Jumper's

KNEE

Strap

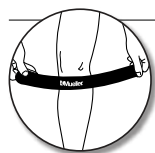

This adjustable strap is designed to improve patellar tracking and elevation by applying mild pressure on the tendon below the kneecap. The tubular insert provides uniform pressure to help reduce pain caused by running and jumping.

- Helps relieve knee pain from Chondromalacia, Patellar Tendonitis, and Osgood-Schlatter's Disease
- Adjustable strap for custom fit
- Contains Natural Rubber Latex
- One size fits left or right
- FSA Eligible

6411-1A Black One Size
